NRICH: Partners in Puzzles

From September 1999 onwards, PASS Maths is joining forces with its sister site [NRICH](#) to offer many more puzzles changed regularly on the 1st of every month.

This page will be updated as soon as the new puzzles are published.

December's PASS Maths puzzle is [Farmer's Field](#). You can find this together with all the other puzzles for ages 15+ on the December 1999 [15+ Challenges](#) page at NRICH.

October's PASS Maths puzzle was [Lunar Leaper](#). We are still waiting for a correct solution – though a near miss has been received which we have [published as a hint](#)

To send in your solution, use one of the methods described on the [NRICH Problem Page](#).

Solution to Puzzle No. 8 – The Gobbling Goat

The [first correct solution](#) we received was from V.Shashidhar.

We also received a correct solution from the combined brainpower of Anthony Winters and Ilia Phoursa.

Recent [NRICH](#) Puzzles

More Challenging Problems from [last month](#).

More Challenging Problems from [2 months ago](#).

More Challenging Problems from [3 months ago](#).

Plus is part of the family of activities in the Millennium Mathematics Project, which also includes the [NRICH](#) and [MOTIVATE](#) sites.
